

## How Do You Like to Spend Your Money?

Consider what you have learned about your money. Using this chart, fill it in with several examples of how YOU spend your money. Put a check mark in the appropriate box next to each example—do you think you have made a good or a not-so-good spending decision for each example you list? The first example, saving 10% of my paycheck every month, is checked as a good spending decision.

Spending Decision	Good	Not-so-Good	Other Use for Money Spent
Saving 10% of my paycheck every month	x		By saving my money, I would have an emergency fund when I needed it.
